### TURN ON THE LIGHT

Seventeen New Lights Recommended by

#### THE BOARD OF IMPROVEMENT

A Long Tramp Over the City Locating Places For Lights—Report Will Be Made Tuesday Evening—Light to Be Put at City Hall—Some Changes.

If council will acquiesce in the recommendation of the board of improvement, the city will have more light.

Members Finley, Kent, George and Outhbert thoroughly canvassed the city yesterday, and decided that 17 additional street lights are an absolute necessity. They will report at the meeting of council, Tuesday evening, and ask that their recommendation be given favorable consideration. When the board concluded their labors it was near evening, and as they tramped over the greater portion of the city and pedestrianized up and down hills, they were a tired lot, and glad their task was finished.

The board bore in mind the number of lights to be granted is limited, and only in localities where most needed will lights be placed. It is fair to presume council will be inundated with petitions for lights, now it is known the city is to be better illuminated. The suburban districts are poorly lighted and they will receive the largest number of lights. The board exercised good judgment in selecting spots where they should be placed, and expressions of satisfaction are heard. It was thought best to have several lights transferred to other points, and this suggestion will be embodied in the report.

Following is the list of points where it is recommended lights be placed: Intersection of Locust, Short and Center alleys, Third and Market streets, Jethro, near Hamill's, Basil and Woodlawn avenues, Sophia and Minerva streets, Calcutta road, at Gaston's hill; Bradshaw avenue, above china works; St. George avenue, Holland street, Pennsylvania avenue and Kosuth street, Third and Union streets, Peake and Waterloo streets, above West Market; Avondale, between Stewart and Hull's addition; Garfield and St. John streets.

The placing of a light at the corner of Third and Market streets will be met with approval. From time immemorial has the old gas lamp at that corner done service, and as it was not much larger than an ordinary gas jet, it did not amount to the powder which would blow it up. Time and again requests have been made that a light be placed at this point, but council, although recognizing the necessity of a light at that corner, could not see their way clear to have it placed there until the present time.

On Gaston's hill a light is particularly needed. From this point, not only will Calcutta road be benefitted, but Wurcker addition will not be obliged to go begging for illumination, as the light will do service for both places very acceptably.

The board also looked over the location of the present lights, and in their opinion the ones at the corner of Broadway and Fourth streets, West Market and Grant streets, and on Bradshaw avenue, should be changed.

#### CARD OF THANKS.

The Ladies of the W. C. T. Union Return Thanks.

The ladies connected with the Woman's Christian Temperance union desire to return warm thanks to those who so generously donated articles for the treat given the poor children of the city, at the Grand Opera House. Also, to the owners of the opera house for the use of the building, free of charge. Also, to the News Review for liberal notices given, free of charge. Also to Mr. Will L. Taylor for his generous donation of toys. Also, to the trustees and stewards of the Methodist Protestant church for the use of their building during Mrs. Trego's visit to the city, said visit no doubt proving to be a blessing to many in East Liverpool.

Doctor Tracy will begin his war against strong drink on next Saturday night in the Grand Opera House. No admission will be charged on that night.

#### A BUSINESS MAN

Objects to Teamsters Driving Across Pavements.

"I do not see why teamsters are allowed to drive over the pavements in this city as they do," said a prominent business man to a reporter this morning. "If a teamster wants to put coal in a cel-

lar, he uses the pavement just the same as he does the street, and it apparently makes no difference to him how long the sidewalk is blocked. They never even think to lay planks down to protect the pavement. Where the new building is being erected on Sixth street is an example at present. The pavement is not protected in any way and there is mud on it at present at least two inches deep, all caused by teamsters hauling dirt across it, when they could, with but slight trouble, enter the lot from the alley. It is not cleaned in the evening, and pedestrians are compelled to go out in the street or wade through the mud. No other city in the state would permit this, and I think council should notify the officers to have it stopped."

#### LOCATE HIM.

His Wife Is So Foolish as to Condemn—Then Shield.

Well, it seems the way of a woman's life, and the wife in question is no exception to the general rule. She has suffered greatly in this city of East Liverpool, on account of the periodical sprees indulged in by her husband, and forbearance has almost ceased to be a virtue. At last she deemed it wise to enter complaint against him, and fully intended to carry the desire into effect, but first visited a warm personal friend, in order to get his opinion upon the subject. The cruel and erring husband found this out, found that much dreaded exposure was imminent, and at once made an earnest appeal for clemency, promising, on honor, good conduct and better life for the future. The wife finally yielded, following the advice of her friend, and her husband has an opportunity to demonstrate the fact that he is yet a man, and that he will do his duty to his family.

#### A RESIDENT

Suggests a Way to Make the Boys Stop Sled Riding.

EDITOR NEWS REVIEW.—I find a little article in Tuesday evening's News Review, where a prominent resident thinks boys should be stopped in the practice of coasting on the pavements. So do I. Furthermore, I did stop the boys coasting on my pavement, and it took only a couple of hours to clean the snow off of about 200 feet front of pavement. You have no idea how they will shun a pavement that has no snow on it. A look of disgust will come over their faces, and they may call you a few uncomplimentary names, but that makes no difference. You have the satisfaction of knowing you have done your Christian duty, and that no one will get a fall through your neglect.

#### ANOTHER RESIDENT.

#### SEVERAL CHANGES.

Attorneys Who Will Soon Be Found in New Quarters.

The removal of the Potters' Building and Savings company to their new room is causing a general change to be made in the offices of several attorneys. Attorney J. J. Purinton moves with the Potters' Building and Savings company, and his old office is being repapered and handsomely fitted up, to be occupied by Grosshans & Grosshans, who will have one of the most complete offices in the city in their new quarters. Attorney W. J. McGarry, who has had his office with Attorney J. H. Brookes, will occupy the rooms vacated by the Grosshans brothers. All parties will be found in their new offices after the first of the year.

#### PAYING BILLS.

The Brotherhood Committee Tender a Vote of Thanks.

The committee of the Brotherhood who had charge of the fair at the rink are today paying their bills, and when everything is settled up, a neat profit will be left for the organization. The committee were indefatigable in their efforts to make the fair a success, and are deserving of the warmest commendation for their labors. They desire also to tender a vote of thanks to the various labor unions who so generously aided them, the contestants for the prizes, all parties who donated articles, and to any other person who assisted in any way in making the fair a success.

#### ARE NOT IN IT.

The Pennsylvania Company Have a Lease on the Land.

When the Pennsylvania company issued the injunction to stop the city from building the culvert on Eighth street, a prominent gentleman connected with city affairs began at once to see if something could not be done with the company for using city land upon which the freight depot is located. He was doomed to disappointment, however, as he discovered the railroad company have a lease on the land for 99 years, and the lease still has a number of years to run.

### KIRCHNER WANTS OUT

His Family Are Circulating Petitions to Have Him

#### RELEASED FROM PENITENTIARY

He Shows Signs of a Physical Breaking Down, and His Friends Are Afraid He Will Not Be Able to Stand His Entire Sentence.

Mrs. John Kirchner, of West End, is still striving to obtain the liberty of her husband, who is at present serving a two year term in the penitentiary. Kirchner, it will be remembered, shot his wife last summer while in a drunken frenzy, but fortunately the wound did not prove to be serious, and the injured woman soon recovered. He was arrested, and upon trial was convicted of shooting with intent to kill, and sentenced to serve two years in the penitentiary.

Penitentiary life has begun to tell on him at a rapid rate, and he now shows signs of physical breaking down, and his family are very anxious to have him pardoned, as they are afraid he will not be able to stand imprisonment much longer.

A petition has been circulated to have him released, and as his crime was entirely due to drink, it is being very numerous signed, many prominent people interesting themselves in the cause of the family. Almost every county official has signed the paper, and much influence will be brought to bear to have him released from custody.

The document will be forwarded to governor Bushnell in the near future, to be presented to the pardon board at their meeting, which will be held the latter part of next month.

Kirchner has many friends in the city who would be glad to see him released, and in all probability the efforts of his family in his behalf will be successful.

#### THE NEW FIRM.

Crosser-Ogilvie Co. Will Merge Into D. M. Ogilvie & Co.

The Crosser-Ogilvie company will cease to exist on Feb. 1, 1897, and will be merged into D. M. Ogilvie & Co., Ed M. Crosser retiring from the dry goods trade, in order to assume his position as recorder of Columbiana county.

The Crosser-Ogilvie company has been doing business in this city for the past 11 years. In the first of their business life they were located where the Bon Ton and Bendheim business houses now stand. Fire drove them out of this situation, and they removed to the point now occupied by Steinfeld & Viney. Between four and five years ago they removed to their present commodious and desirable quarters, corner Sixth and Diamond, where they have been enjoying a splendid business and winning success.

Crosser & Ogilvie, through the medium of good goods and square dealing, under no circumstances permitting misrepresentations to be made, have built up an enviable trade, and have made friends on every hand, and they richly deserve the success they have attained.

The many friends of Ed M. Crosser will wish him success and prosperity in the duties which will confront him in his position as recorder of the county. He is eminently qualified for the berth.

D. M. Ogilvie has made a host of friends in this section during his business life in East Liverpool, and we predict for his establishment still greater success and prosperity than has attended it in the past. The News Review unites with his numerous acquaintances and friends in the desire that he may find a full share of business prosperity surrounding and staying with him and the establishment he so ably represents.

#### GREEN-EASTON.

Two Popular Young People Will Be Married Tonight.

Charles Green and Miss Frances Easton will be married this evening at 6 o'clock, at the residence of the groom, on Nottingham street, by Squire Rose. After the wedding is over a dance will be given at the home, and the guests will enjoy themselves in tripping the light fantastic toe until 12 o'clock, when a sumptuous banquet will be served. The young people have many friends in the city who will wish them success in their journey through life.

#### ACROSS THE MONONGAHELA.

A New Steel Bridge Finished at Freeport, Pa.

A new steel bridge built across the Monongahela river at Freeport, above Pittsburgh, under the supervision of Engineer Herman Laube, was finished and inspected one day this week. The structure was found almost perfect in every detail, and reflected highly upon

the skill of the engineer. This fact demonstrates that Engineer Laube, who oversees the construction of the local bridge, thoroughly understands his business.

#### BLESSED NEW YEAR.

To One and All the News Review Extends Warm Greeting.

Do you desire that the New Year shall be a blessed one in your life's history? Do you intend to make use of the faults and failings which cropped out in your history during 1896, and use them as milestones or posts of warning, to be avoided and dreaded? Do you believe that all evil and sin is engendered by the father of evil, known as Satan? Do you believe that every pure thought, word and act, every kindly act toward a fellow creature, every good deed performed by you, comes to your heart and life from the hands of an all-wise, beneficent, loving and merciful God? Do you intend, by the blessing of God, to not only do, but advocate the Right? To one and all, the News Review extends warm greeting. To patrons and friends we return warm thanks. May prosperity and happiness be with you all through 1897.

#### GAVE HIM A BASKET.

Jack Darragh's Friends Meet Him at the Train.

Jack Darragh and his bride passed through the city last night enroute for Ft. Wayne, on their wedding trip. A large number of friends were at the train to see him, and on behalf of William Davidson presented him with a basket filled with a collection of articles that would do credit to a first class junk shop. His trunk was marked in regulation style; but Jack took everything good humoredly, and appeared as unconcerned as he does at a critical point of a ball game.

#### THE GUY BROS.

The Brothers, Six in Number, Belong to the Elks.

A well known resident of East Liverpool informs us that the Guy Bros., who appear at the Grand tomorrow night, are earnest workers in the order of Elks. There are six brothers in the family, all members of the order, while the father of the family was one of the founders of the first lodge of Elks in the state of New York, nearly 30 years ago. Guy Bros., bear the reputation of having an irreproachable entertainment, with nothing to offend the most fastidious.

#### WILL LEAVE TOWN.

A Popular Young Man to Go Into the Show Business.

George Johnson, the well-known barber, will likely take up theatrical life next season. A number of influential friends are endeavoring to secure for him a position with the Oriental opera troupe, composed of high class artists. George has excellent vocal powers, and is an expert player on the guitar. Joseph D. Clifton, who was at the Grand last week, pronounced him the finest he ever heard on that instrument.

#### SHOULD DO SOMETHING.

The Plumbing Board of Examiners Have Not Organized.

The plumbing board of inspectors, although appointed some time ago by the board of health, have not yet made any attempt to organize, and the law is still uncompiled with. The question is repeatedly asked as to what has become of the board, but no one seems to know. It is probable a meeting will be called in the near future, and as soon as they organize it will take but a short time to examine the plumbers of the city.

#### A STOCK COMPANY

Will Probably Purchase the Chelsea China Works.

It is asserted from sources of apparent authority that several prominent business men and manufacturers have been prevailed upon to take stock in the company to be formed for the purpose of purchasing and operating the Chelsea pottery, if a sufficient number can be interested. Thomas Price is concerned in the plan, and is making an effort to bring the matter to tangible proportions.

#### EXHUMING BODIES.

Remains of Four Children Removed From the Old Cemetery.

The old cemetery is gradually becoming depopulated, and in a few years there will be but very few bodies there. Today John Rinehart exhumed the remains of four children of the late George Morley, buried more than 15 years ago, and interred them in Riverview. The bodies were in a fair state of preservation. A larger number than usual were removed this year.

### CAMERON RESOLUTION

The Topic of Debate by the McKinley Club Tonight.

#### EFFORT TO ENDORSE RESOLUTION

Cuba Has Many Supporters in the Organization, Who Wish the Isle Independence. Warm Discussion of Last Session to Be Continued.

At the meeting of the McKinley club this evening, the discussion of Cuba, which was the topic of debate at the last session, will again be taken up.

A vote will be taken to decide whether the organization will endorse the Cameron resolution, introduced in the senate recently, urging the United States to recognize the belligerency of Cuba. This question was argued in an animated way at the last meeting, and the debate this evening promises to be warm.

The members whose sympathies are unequivocally in favor of the establishment of the independence of the downfall of Spanish misrule, will vigorously fight for the endorsement of the Cameron resolution. Others, taking a more conservative view of the situation, will advise caution and will oppose action favorable to the resolution. The McKinley rooms are thronged every evening by members, and those not connected with the organization are ever made welcome. The time is spent instructively in perusing good literature, and the sociability shown to guests is very marked.

#### WAS THE FIRST

To Drive Across the Bridge—Watchman Fooled.

J. T. Smith enjoys the proud distinction of being the first person to drive over the bridge. The watchman was beguiled into the belief that Smith was going for lumber, a short distance from the entrance, and permitted him to pass. To the former's chagrin the driver did not stop, and before the watchman could prevent it, Smith had driven to the other side. President McDonald and Contractor Schrader, who desired to be first to drive across, were very much disappointed when they learned how they were deprived of the honor.

#### MACEO ALIVE AGAIN.

And This Time There Seems Good Ground For the Report.

NEW YORK Dec. 31.—[Special.]—A telegram from Key West states that the wife of Colonel Mirabel, one of the most gallant of Cuba's officers, has arrived from Havana, direct from the camp of the insurgents, where she has been in attendance upon General Maceo. She states that Maceo was basely betrayed and shot by that meanest of traitors, Zertucha, but that the pride of Cuba will recover.

#### THE GUN SHOOT.

Some Good Scores Being Made Across the River.

The gun shoot across the river began today at 11:30 with a number of entries. The out of town people present were Hill, Parry, Grace and Sergeant, of New Castle. George Carey was chosen referee and D. E. Parry scorer. The score in the first event, a 10 bird match, is as follows: Hill, 8; Modoc, 6; Grace, 8; Foutts, 7; Crable, 8. In the second event, a 10 bird match, the score stood: Hill, 9; Modoc, 6; Grace, 8; Foutts, 8; Crable, 9.

#### PASSED AWAY.

W. G. Warfield's Grandmother Died at Her Home Near Baltimore.

W. G. Warfield returned this morning from a point near Baltimore, Md., where he was called Saturday last by a telegram announcing the serious illness of his grandmother. He arrived but a few hours before his grandmother breathed her last, and passed over the river of Jordan. She was aged 92 years, and was an earnest, consistent Christian, and went to her eternal home without a sigh.

#### PROSPECTS GOOD

For a Gusher at the Oil Fields Near Cutler.

The stock company organized in this city some months ago, for the purpose of speculating in oil down the river, have received word the well they are interested in near Cutler will soon be in. The indications point for a good strike of oil. Two holes were abandoned on account of the tools being lost in them.

—Master Ralph and Miss Flora Wellington returned to Toronto last evening after a visit with their aunt, Mrs. G. Y. Travis, Sixth street.

A Long Tramp Over the City Locating Places For Lights—Report Will Be Made Tuesday Evening—Light to Be Put at City Hall—Some Changes.

If council will acquiesce in the recommendation of the board of improvement, the city will have more light.

Members Finley, Kent, George and Cuthbert thoroughly canvassed the city yesterday, and decided that 17 additional street lights are an absolute necessity. They will report at the meeting of council, Tuesday evening, and ask that their recommendation be given favorable consideration. When the board concluded their labors it was near evening, and as they tramped over the greater portion of the city and pedestrianized up and down hills, they were a tired lot, and glad their task was finished.

The placing of a light at the corner of Third and Market streets will be met with approval. From time immemorial has the old gas lamp at that corner done service, and as it was not much larger than an ordinary gas jet, it did not amount to the powder which would blow it up. The board also looked over the location of the present lights, and in their opinion the ones at the corner of Broadway and Fourth streets, West Market and Grant streets, and on Bradshaw avenue, should be changed.

To One and All the News Review Extends Warm Greeting.

Do you desire that the New Year shall be a blessed one in your life's history? Do you intend to make use of the faults and failings which cropped out in your history during 1896, and use them as milestones or posts of warning, to be avoided and dreaded? Do you believe that all evil and sin is engendered by the father of evil, known as Satan? Do you believe that every pure thought, word and act, every kindly act toward a fellow creature, every good deed performed by you, comes to your heart and life from the hands of an all-wise, beneficent, loving and merciful God? Do you intend, by the blessing of God, to not only do, but advocate the Right? To one and all, the NEWS REVIEW extends warm greeting. To patrons and friends we return warm thanks. May prosperity and happiness be with you all through 1897.

#### GAVE HIM A BASKET.

Jack Darragh's Friends Meet Him at the Train.

Jack Darragh and his bride passed through the city last night enroute for Ft. Wayne, on their wedding trip. A large number of friends were at the train to see him, and on behalf of William Davidson presented him with a basket filled with a collection of articles that would do credit to a first class junk shop. His trunk was marked in regulation style; but Jack took everything good humoredly, and appeared as unconcerned as he does at a critical point of a ball game.

#### THE GUY BROS.

The Brothers, Six in Number, Belong to the Elks.

A well known resident of East Liverpool informs us that the Guy Bros., who appear at the Grand tomorrow night, are earnest workers in the order of Elks. There are six brothers in the family, all members of the order, while the father of the family was one of the founders of the first lodge of Elks in the state of New York, nearly 30 years ago. Guy Bros., bear the reputation of having an irreproachable entertainment, with nothing to offend the most fastidious.

#### WILL LEAVE TOWN.

A Popular Young Man to Go Into the Show Business.

George Johnson, the well-known barber, will likely take up theatrical life next season. A number of influential friends are endeavoring to secure for him a position with the Oriental opera troupe, composed of high class artists. George has excellent vocal powers, and is an expert player on the guitar. Joseph D. Clifton, who was at the Grand last week, pronounced him the finest he ever heard on that instrument.

#### SHOULD DO SOMETHING.

The Plumbing Board of Examiners Have Not Organized.

The plumbing board of inspectors, although appointed some time ago by the board of health, have not yet made any attempt to organize, and the law is still uncomplished with. The question is repeatedly asked as to what has become of the board, but no one seems to know. It is probable a meeting will be called in the near future, and as soon as they organize it will take but a short time to examine the plumbers of the city.

#### A STOCK COMPANY

Will Probably Purchase the Chelsea China Works.

It is asserted from sources of apparent authority that several prominent business men and manufacturers have been prevailed upon to take stock in the company to be formed for the purpose of purchasing and operating the Chelsea pottery, if a sufficient number can be interested. Thomas Price is concerned in the plan, and is making an effort to bring the matter to tangible proportions.

#### EXHUMING BODIES.

Remains of Four Children Removed From the Old Cemetery.

The old cemetery is gradually becoming depopulated, and in a few years there will be but very few bodies there. Today John Rinehart exhumed the remains of four children of the late George Morley, buried more than 15 years ago, and interred them in Riverview. The bodies were in a fair state of preservation, and a larger number than usual were removed this year.

### CAMERON RESOLUTION

The Topic of Debate by the McKinley Club Tonight.

#### EFFORT TO ENDORSE RESOLUTION

Cuba Has Many Supporters in the Organization, Who Wish the Tale Independence. Warm Discussion of Last Session to Be Continued.

At the meeting of the McKinley club this evening, the discussion of Cuba, which was the topic of debate at the last session, will again be taken up.

A vote will be taken to decide whether the organization will endorse the Cameron resolution, introduced in the senate recently, urging the United States to recognize the belligerency of Cuba. This question was argued in an animated way at the last meeting, and the debate this evening promises to be warm.

The members whose sympathies are unequivocally in favor of the establishment of the independence of the down-fall of Spanish misrule, will vigorously fight for the endorsement of the Cameron resolution. Others, taking a more conservative view of the situation, will advise caution and will oppose action favorable to the resolution. The McKinley rooms are thronged every evening by members, and those not connected with the organization are ever made welcome. The time is spent instructively in perusing good literature, and the sociability shown to guests is very marked.

#### WAS THE FIRST

To Drive Across the Bridge—Watchman Fooled.

J. T. Smith enjoys the proud distinction of being the first person to drive over the bridge. The watchman was beguiled into the belief that Smith was going for lumber, a short distance from the entrance, and permitted him to pass. To the former's chagrin the driver did not stop, and before the watchman could prevent it, Smith had driven to the other side. President McDonald and Contractor Schrader, who desired to be first to drive across, were very much disappointed when they learned how they were deprived of the honor.

#### MACEO ALIVE AGAIN.

And This Time There Seems Good Ground For the Report.

New York Dec. 31.—[Special.]—A telegram from Key West states that the wife of Colonel Mirabel, one of the most gallant of Cuba's officers, has arrived from Havana, direct from the camp of the insurgents, where she has been in attendance upon General Maceo. She states that Maceo was basely betrayed and shot by that meanest of traitors, Zertucha, but that the pride of Cuba will recover.

#### THE GUN SHOOT.

Some Good Scores Being Made Across the River.

The gun shoot across the river began today at 11:30 with a number of entries. The out of town people present were Hill, Parry, Grace and Sargeant, of New Castle. George Carey was chosen referee and D. E. Parry scorer. The score in the first event, a 10 bird match, is as follows: Hill, 8; Modoc, 6; Grace, 8; Fouts, 7; Crable, 8. In the second event, a 10 bird match, the score stood: Hill, 9; Modoc, 6; Grace, 8; Fouts, 8; Crable, 9.

#### PASSED AWAY.

W. G. Warfield's Grandmother Died at Her Home Near Baltimore.

W. G. Warfield returned this morning from a point near Baltimore, Md., where he was called Saturday last by a telegram announcing the serious illness of his grandmother. He arrived but a few hours before his grandmother breathed her last, and passed over the river of Jordan. She was aged 92 years, and was an earnest, consistent Christian, and went to her eternal home without a sigh.

#### PROSPECTS GOOD

For a Gusher at the Oil Fields Near Cutler.

The stock company organized in this city some months ago, for the purpose of speculating in oil down the river, have received word the well they are interested in near Cutler will soon be in. The indications point for a good strike of oil. Two holes were abandoned on account of the tools being lost in them.

—Master Ralph and Miss Flora Wellington returned to Toronto last evening after a visit with their aunt, Mrs. G. Y. Travis, Sixth street.

SHOULD Mayor Gilbert see fit to apply the full penalty to Sunday liquor sellers, there would be fewer transgressions of this kind committed in East Liverpool.

For the benefit of those especially interested, we quote again the state law as to selling liquor on Sunday. Here it is: "The violators shall be fined in any sum not exceeding one hundred dollars, and be imprisoned in the county jail or CITY PRISON not less than TEN days and not exceeding thirty days." Let the law be fully enforced, and let lawbreakers suffer the penalty.

THE duties of municipal officers, with penalties attached for non-performance of sworn obligations, will make interesting reading. Rumor has it that there are certain parties collecting evidence in this city on this point, and that the result will astonish some men who are said to be very negligent, if not aiders and abettors in lawlessness. Turn on the light. No clean or honest officer will object. Only the guilty will cry out.

#### WILL CUBA WIN?

Is it probable that Cuba can win out in the present struggle, depending upon herself alone? The outlook is that she cannot. The odds are terribly against her. And yet success against Spain is within the lines of possibility. The Cubans are intensely loyal to the cause they have espoused. They are willing to sacrifice ease, position, property, and even life itself, if the island they love so well can be freed from the hated yoke of the domineering, tyrannical, overbearing and bombastic Spaniards. A wonderful helper to the Cubans at present is the very practical sympathy they are accorded at the hands of citizens of the United States, and it keeps the officials of Uncle Samuel very busy in seeing that the neutrality laws are not overstepped. Despite keen vigilance on the part of our authorities, men, arms and ammunition are surely going to Cuba from this country, and there is no reason to doubt the truth of the assertion that Spain has lost many of her soldiers through the medium of Yankee sharpshooters.

#### STREET PROFANITY.

If Mayor Gilbert and Marshal Johnson will form a combination against this pernicious, useless and vile practice, they will win the warm thanks of numerous residents of the city of East Liverpool, especially among the ladies, who are oftentimes, just after nightfall, compelled to make their way to the postoffice, and have their ears saluted with profanity and vulgarity which is something awful. Well known ladies of East Liverpool have urged the News Review to call the attention of the city officials to this abominable feature. Some of the young boys who are permitted to run the streets at night have become very proficient in this vile habit, and will use an oath with every two or three words they utter. But the boys of larger growth are their teachers, and many young fellows, who call themselves gentlemen, pay no attention to the presence of ladies, but howl out expressions which should result in arrest and heavy punishment. One of the numerous points at which these fellows loaf, is on Fifth street, between the residences of Isaac Knowles and J. M. Kelly, and our roundsmen could make a good haul at that particular place, if ordered to do so by their superior officers. Another point is on Sixth street, not far distant from the Grand Opera House. At this latter place, ladies are at times compelled to run a regular gauntlet, formed of swearers, tobacco spitters and users of vile language, or else cross to the opposite side of the street, and this they should not be compelled to do, as the loafers are the parties who should be forced to vacate the pavements and allow pedestrians the right of way. Turn on the light.

## Elegant Slippers.

Can be and are worn the year round—so much for their usefulness—the comfort the wearer derives from them after the day's labor is done, cannot help to remind him, or her, of the donor, which to our mind, fills the mission of a token.

Our stock of slippers comprise the serviceable build for wear, as well as the more elegant, dainty kinds intended for parlors and receptions. Everything that is stylish and everything that gives foot comfort is here. We call special attention to our line of Dolges' Felt Slippers, usually used by elderly and middle aged people. They have no superior. Here are a few Special Slipper Bargains:

25c, instead of 50c, for Children's Felt Slippers.  
35c, instead of 60c, for Men's Velvet Embroidered Slippers.  
60c, instead of a \$1 for Women's Fur Trimmed Juliet Slippers.

## Elegant Slippers.

Can be and are worn the year round—so much for their usefulness—the comfort the wearer derives from them after the day's labor is done, cannot help to remind him, or her, of the donor, which to our mind, fills the mission of a token.

Our stock of slippers comprise the serviceable build for wear, as well as the more elegant, dainty kinds intended for parlors and receptions.

Everything that is stylish and everything that gives foot comfort is here. We call special attention to our line of Dolges' Felt Slippers, usually used by elderly and middle aged people. They have no superior. Here are a few Special Slipper Bargains:

25c, instead of 50c, for Children's Felt Slippers.  
39c, instead of 60c, for Men's Velvet Embroidered Slippers.  
69c, instead of a \$1 for Women's Fur Trimmed Juliet Slippers.

Dorsey Sues to Recover the Cash He Advanced  
TO KEEP A BROTHER OUT OF JAIL

Two Motions For New Trials Overruled, and a Large Number of Cases Dropped For Want of Prosecution—Hockathorn Will Go to Canton Tomorrow.

Lisbon, Dec. 31.—[Special]—Duncan M. Dorsey, who sued Mrs. T. J. Dorsey sometime ago to recover \$100 on a promissory note, and to foreclose a chattel mortgage on household furniture, has secured a verdict for the amount, and an order for foreclosing the mortgage was issued. Five years ago she gave a note to the plaintiff, a brother of her husband, in order to obtain his aid in keeping her husband from the penitentiary for the crime of embezzlement, he having appropriated this amount from funds belonging to the Domestic Sewing Machine company, while acting as their agent.

Mrs. Ida B. Onderkirk wants the court to divorce her from Mililus Onderkirk, and asks that her maiden name be restored her. Wilful absence, neglect and extreme cruelty are charged. Before the final adjournment of court the following entries were taken: In the case of Dannemiller & Son against Florence Morgan, the motion for a new trial, which was heard last week, was overruled and 50 days given the defendants to file exceptions.

The motion to set aside the verdict of the jury and grant a new trial in the case of John R. Detwiler, guardian, versus William Stewart, was overruled. The action was one for damages, and was decided in favor of the defendant. J. M. Stratton, of Salem, was given judgment by confession against Kirby Wilson for \$8.53.

The sale of East Liverpool in the case of Smith Fowler against Catherine Costelow was confirmed, and the sheriff ordered to make a deed to the purchaser. The sale was also ordered confirmed in the case of Hilda Fawcett versus Nancy C. Tamborn and others.

The following cases were dismissed from the file, principally for want of prosecution: James M. McCoy versus George H. McCoy, partition of St. Clair township land; First National bank, East Liverpool, versus W. S. Duval to recover on a promissory note. Edward Hardy versus Martin V. Ehaltz, to recover wages; M. M. Coates versus A. W. Scott, East Liverpool, to recover a guitar; Kate McShane versus Daniel McShane, East Liverpool, divorce; W. E. Cooper & Co. versus John Rinehart & Son, East Liverpool, to recover clover seed; Mary M. Heitman versus Henry G. Heitman, divorce; William Jacques versus The McKeeffrey company, injunction; Annie Furniss versus Watson Johnson and others, to recover \$2,500 damages; Henry C. Jones, guardian, versus Archibald Cook, to recover on a note; A. Trotter & Son versus James Massey, East Liverpool and other, to recover on a note; Charles Hagan versus Benjamin Eidener, to recover on a note; John McMahon versus Aaron F. Shontz, to recover \$1,000 damages.

Frank Rigot, of East Liverpool, charged with selling liquor to minors, and Joseph Nesbitt, charged with perjury, were arraigned today and pleaded not guilty, and gave bond for their appearance at the January term of court. Sheriff Gill and Deputy Supplee will tomorrow take George Heckathorn, Ed Garthwaite, James Bell and Charles Case to the Canton workhouse.

Joseph Vogel and Dorcas Efan, of East Liverpool, James A. Horbes and Christina J. Noble and A. Pretien and Lucy J. Ball, were granted marriage licenses.

**Surprised.**

**No New Cases.**  
There are no new cases of diphtheria. The quarantine was removed from the Maley family, on Bank street, and the house fumigated today.

COUNCIL MET

And Investigated the Charges Against Chief Warren.

Council met last evening at 7:30, with every member present, and a good audience, all eager to hear the details of the investigation.

Mayor Jones stated that there had been charges brought against Chief Warren which it was the duty of council to investigate. He advised that a committee be appointed to investigate and see if there were any real charges, the committee to report at the regular meeting next Monday night.

Mr. Morrow then asked what the charges were, and Mr. Bowers declared there were no charges, and Mayor Jones verified his statement. Mr. Morrow thought that some changes had better be made before council took any action. At this point Mayor Jones said he had no idea council had met to investigate charges, but merely to ascertain if there were any charges worth considering, and if there were, to appoint a committee to investigate the same and report to council.

Mr. Armstrong thought the idea of Mayor Jones in regard to the committee a good one. Mr. Bowers said charges should be made under oath, and then council could act with some definite purpose.

Solicitor Lones was then called upon to give an opinion on the matter, and he explained that a charge should be made in writing, and that a two-thirds' vote of council was necessary to convict. He then stated that no charge had been made in writing; but if council thought the reports and rumors needed investigation, a committee should be appointed, and if they found it necessary to make charges they could do so, and that was the only action council could take at present.

Mr. Johnston said he thought written charges should be received before council went any further.

Mr. Morrow said he didn't quite know what he was there for, and Mr. Bowers was of the same opinion about himself. Mayor Jones replied that he had talked the matter over with the solicitor, and they had thought it best that council should talk the matter over, and take some action if they wished. Mr. Armstrong thought there should not be a committee appointed, as there were no charges.

Mayor Jones said that the rumors were hurting Chief Warren, and this was the principal reason the meeting had been called, and that it would relieve him to have the case dismissed. Mr. Morrow moved council adjourn until tonight to give time to have charges handed in writing. Solicitor Lones said council had met to see if charges had been made, and President Michael said council could say whether a committee should be appointed. On motion of Mr. Bowers, council adjourned.

**Echoes of the Trial.**  
In a conversation after the meeting, Councilman Beacom said that he thought the action left Chief Warren under a darker cloud than ever, and that some other action should be taken.

Frank Geisse stated that his brother wanted to make the charges, but was not permitted to come to the council chamber. Geisse will be given until Saturday to pay his fine, or he will be sent to the workhouse.

All the news in the News Review.

In curing consumption there's nothing like taking Time by the forelock. Doctors say consumption can't be cured; they have arguments to prove it. But when they see it cured right under their face and eyes by Dr. Pierce's Golden Medical Discovery, they admit that there's something wrong about their arguments and something wonderful about the "Discovery." It isn't miraculous. It won't cure every case; but it cures a surprisingly large percentage of cases, even when the patient is pretty far gone with a bad cough, and bleeding from the lungs, and reduced almost to a shadow. Consumption is a blood disease. The lungs want a fresh supply of pure rich blood and plenty of it; that is what the "Golden Medical Discovery" gives them. It is a blood-maker. It gives the blood-making functions power to produce a large quantity of the nourishing red corpuscles which make healthy life-giving blood. This stops the wasting; drives out the impurities; heals the ulceration and begins a rapid building-up process, of solid, substantial flesh and vital energy.

It isn't only consumptives who need the "Discovery." It cures every form of chronic blood-disease and all scrofulous and eruptive affections.

Mr. Isaac E. Downs, of Spring Valley, Rockland County, N. Y., writes: "For three years I had suffered from that terrible disease, consumption, and heart-disease. Before taking Doctor Pierce's Golden Medical Discovery I had wasted away to a skeleton; could not sleep at night, and many times wished to die to be out of my misery. Step by step, the signs and realities of returning health slowly but surely developed themselves while taking the 'Discovery.' Today I tip the scales at one-hundred-and-eighty-seven, and am as well and strong. The 'Golden Medical Discovery' has also cured my daughter of a very bad ulcer located on the thigh. After trying almost everything without success we purchased three bottles of your 'Discovery' which healed it perfectly."

## DOUBLE DEALING

Is the Cause of Many Heart Burnings—An East Liverpool Case That Was Opposite.

Double dealing, like so many other expressions in the Anglo-Saxon language, has different meanings. The text or heading does not refer to the deceitful, hypocritical specimens of manhood who curry favor for their own ends and keep a community in a ferment by retailing scraps of confidences. This time it is the double dealing of the little con-queror, Doan's Kidney Pills—to be more correct, the double healing. One member of a family tests them. Like disease, the infection spreads. Another tries them, an acquaintance or a friend, maybe. Result the same—a cure. Read the statement that follows, made by Mrs. Edmund Purton, of 233 Ravine Street. She says: "Both my husband and I can testify to the value of Doan's Kidney Pills. I had backache, headache and other symptoms of the complaint for two years. When the last attack came on I went to the W. & W. Pharmacy, and got a box of Doan's Kidney Pills. In a very short time I was relieved.

"My husband, who is a painter, decorator and machinist, of the firm of Purton & Jackson, was seized with a severe attack of kidney complaint lately. Some three years ago he contracted a fever, which left his kidneys in bad shape, and ever since he has had more or less trouble. When suffering last a gentleman advised him to try Doan's Kidney Pills, emphasizing the facts that he had been a sufferer with kidney disease; confined to his bed; his physician informed him that perhaps he would be able to get him up in two or three weeks; that he used Doan's Kidney Pills, and in a day or two he was able to be up and about his business. The gentleman spoke so highly about the remedy that my husband got a box at once. They were prompt in relieving him. I felt better generally. We can heartily recommend Doan's Kidney Pills. I hear numbers of people speak well of them."

Doan's Kidney Pills are sold by all dealers. Price 50 cents per box, six boxes for \$2.50. By mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

LEWIS, Dec. 31.—[Special]—Duncan M. Dorsey, who sued Mrs. T. J. Dorsey sometime ago to recover \$100 on a promissory note, and to foreclose a chattel mortgage on household furniture, has secured a verdict for the amount, and an order for foreclosing the mortgage was issued. Mrs. Ida B. Onderkirk wants the court to divorce her from Militus Onderkirk, and asks that her maiden name be restored her. Wilful absence, neglect and extreme cruelty are charged.

J. M. Stratton, of Salem, was given judgment by confession against Kirby Wilson for \$8.53.

The sale of East Liverpool in the case of Smith Fowler against Catherine Costelow was confirmed, and the sheriff ordered to make a deed to the purchaser. The sale was also ordered confirmed in the case of Hilda Fawcett versus Nancy C. Tamborn and others.

The following cases were dismissed from the file, principally for want of prosecution: James M. McCoy versus George H. McCoy, partition of St. Clair township land; First National bank, East Liverpool, versus W. S. Duval to recover on a promissory note. Edward Hardy versus Martin V. Eaholtz, to recover wages; M. M. ### COUNCIL MET

And Investigated the Charges Against Chief Warren.

Council met last evening at 7:30, with every member present, and a good audience, all eager to hear the details of the investigation.

Mayor Jones stated that there had been charges brought against Chief Warren which it was the duty of council to investigate. He advised that a committee be appointed to investigate and see if there were any real charges, the committee to report at the regular meeting next Monday night.

Mr. Morrow then asked what the charges were, and Mr. Bowers declared there were no charges, and Mayor Jones verified his statement. Mr. Morrow thought that some changes had better be made before council took any action. At this point Mayor Jones said he had no idea council had met to investigate charges, but merely to ascertain if there were any charges worth considering, and if there were, to appoint a committee to investigate the same and report to council.

Mr. Armstrong thought the idea of Mayor Jones in regard to the committee a good one. Mr. Bowers said charges should be made under oath, and then council could act with some definite purpose.

Solicitor Lones was then called upon to give an opinion on the matter, and he explained that a charge should be made in writing, and that a two-thirds' vote of council was necessary to convict. He then stated that no charge had been made in writing; but if council thought the reports and rumors needed investigation, a committee should be appointed, and if they found it necessary to make charges they could do so, and that was the only action council could take at present.

Mr. Johnston said he thought written charges should be received before council went any further.

Mr. Morrow said he didn't quite know what he was there for, and Mr. Bowers was of the same opinion about himself.

Mayor Jones replied that he had talked the matter over with the solicitor, and they had thought it best that council should talk the matter over, and take some action if they wished. Mr. Armstrong thought there should not be a committee appointed, as there were no charges.

This time it is the double dealing of the little con-queror, Doan's Kidney Pills, to be more correct, the double healing. One member of a family tests them. Like disease, the infection spreads. Another tries them, an acquaintance or a friend, maybe. Result the same—a cure. Read the statement that follows, made by Mrs. Edmund Purton, of 233 Ravine Street. She says: "Both my husband and I can testify to the value of Doan's Kidney Pills. I had backache, headache and other symptoms of the complaint for two years. When the last attack came on I went to the W. & W. Pharmacy, and got a box of Doan's Kidney Pills. In a very short time I was relieved.

"My husband, who is a painter, decorator and paperhanger, of the firm of Purton & Jackson, was seized with a severe attack of kidney complaint lately. Some three years ago he contracted a fever, which left his kidneys in bad shape, and ever since he has had more or less trouble. When suffering last a gentleman advised him to try Doan's Kidney Pills, emphasizing the facts that he had been a sufferer with kidney disease; confined to his bed; his physician informed him that perhaps he would be able to get him up in two or three weeks; that he used Doan's Kidney Pills, and in a day or two he was able to be up and about his business. The gentleman spoke so highly about the remedy that my husband got a box at once. They were prompt in relieving him. I felt better generally. We can heartily recommend Doan's Kidney Pills. I hear numbers of people speak well of them."

Doan's Kidney Pills are sold by all dealers. Price 50 cents per box, six boxes for \$2.50. By mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

### A Welsh Dinner.

A new terror is in store for epicures—namely, the Welsh menu. The South Wales Daily News recently printed the following specimen:

Frog.  
Gleislad.  
Saws Hufen & Chwmmawr Gwynnyg.  
Danteithlon.  
Tameidion yr Ymerhodres a Theneuon Oen.  
Dryllan.  
Aseuau Yehigia a March ruddygl.  
Morddyd o Fochigig Efrog a Saws o Win.  
Fys Gleislon.  
Poten Pul.  
Tolseuau Sfrangig.  
Glygwled Caws.  
Poten Ia.  
Caws.

Probably after the dinner has finished with "caws" he begins to feel the effect.

It is simply a

That's all it is—a plain, honest question of keeping or giving away three dollars. You can't, by twist of the facts, figure it in any other way.
